

FISCAL YEAR 2022

DELAWARE IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

The following statistics represent state-specific WWP program activity and impact during the 2022 fiscal year (10.01.2021 - 09.30.2022)

WWP IMPACT

Your support ensures warriors like John never pay a penny for WWP's life-changing resources — they paid their dues on the battlefield.

“My right hand was useless after my injury, but thanks to Wounded Warrior Project, I've regained enough power in my arm to play catch with my son.”
