

FISCAL YEAR 2022

GEORGIA IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

The following statistics represent state-specific WWP program activity and impact during the 2022 fiscal year (10.01.2021 - 09.30.2022)

WWP IMPACT

Your support ensures warriors like Bobby never pay a penny for WWP's life-changing resources — they paid their dues on the battlefield.

“Wounded Warrior Project helped me become stronger emotionally and stable enough to pick myself up, get a degree, get married, and start my own company.”
